## **Letter of Support Template for the Micah Gives MVP Program**

I am writing to express my support for the Micah Gives MVP Program, an initiative dedicated to creating a more inclusive and accessible experience for medically vulnerable people (MVPs) to enjoy live events.

The program's focus on **securing suites in stadiums across different sports and venues** provides a **protected space** for MVPs, allowing them to participate safely and comfortably. This innovative approach is crucial in ensuring their well-being remains a top priority while offering them the opportunity to enjoy live experiences.

As **(an athlete/someone that works in the live entertainment industry/an avid live event participant)**, I understand the power and excitement of live events fostering a sense of **community, inclusivity, social/emotional well-being, and compassion**. This Program removes a significant barrier for those who are most vulnerable, ensuring they too can experience the joy and energy of these experiences.

I believe the MVP Program has the potential to make a significant difference in the lives of countless medically vulnerable people.

### **[Optional: Add a personal touch]**

- You can personalize the letter further by mentioning a specific story you've heard about someone who could benefit from the program.
- Briefly share a memory of a positive fan experience you've had and how it connects to the program's goals.

**I urge others to join me in supporting the MVP Program.**

**Sincerely,**

**[Your Name]**

**[Sport or Organization}**

**[Team (if applicable)]**

**[Social Media Handles (optional)]**
